Dr. Zhorex Medvedev
Genetics Department
National Institute of Medical Research
Medical Research Council
Millhill
London NW7 1AA ENGLAND

Dear Dr. Medvedev,

In the early 1950's I recall seeing reviews of my research on bacterial recombination in the Soviet literature. I am interested in a sociological-historical study of how this was received. If you can recall such comments, or related ones on Avery's work etc., I would be grateful for literature references, or if possible xeroopies and translations.

Sincerely yours,

Joshua Lederberg
Professor of Genetics
